

ARCHIFEST FORUM

MAN + ENVIRONMENT

Date: 16 + 17 October 2008

Venue: Drama Centre, Level 3 National Library Building, 100 Victoria Street

The two-day Archifest 08 Forum brings together a stellar lineup of speakers who will be addressing the challenges of Man and our environment. How the architects practice can make as much difference to the built environment as their talents, tastes or tendencies. Featuring a panel of carefully-selected speakers who will be engaging the audience in a lively interchange of ideas, the Forum will have an upbeat, broad and suggestive take on the topic "Man+Environment".
